

2024 Lethal Weapons Act 235 Certification (40 hrs.)

\$370

Act 235 is a certification class. Students taking this class should already be proficient in using a firearm—as this **IS NOT** a beginner’s course for new shooters.

The purpose of this course is to develop knowledge of the critical nature of the use of force as applied to Certified agents. Justification of use of force in the protection of life and property will be included. The student will learn safe handling of firearms and fire a familiarization course with a 12-gauge shotgun and meet qualification standards with a handgun.

This course consists of 26-hours for the Academic Training module, which includes 4-hours for the Skills training module and then 14-hours for the Firearms Training module. Participants must successfully pass a written examination and a firearms qualification.

Students must have the ability to safely participate in the firearms course required for Lethal Weapons, Act 235 certification. One of the timed stages of this course requires kneeling and rising unassisted.

Required equipment for this course: A handgun that is at least a .38 or 9mm caliber and less than .50 caliber—which must be in good, operable condition as determined by HACC Range Instructors; at least two (2) magazines for semi-automatic pistols or at least one (1) speed loader for revolvers; 250 rounds of FACTORY ammunition (5 boxes of 50) for your weapon (NO RELOADS!); a “strong-side” hip holster; a cleaning kit and rags; eye and ear protection, and a baseball-style hat.

HACC will provide the use of a shotgun and ammunition during the shotgun familiarization portion of the course.

NOTE: An accidental discharge or an unsafe range incident as determined by our instructor/s; which results in the student being dismissed from the range is considered a failure of the firearms portion.

NOTE: Do not bring firearms to the classroom portions of this course. NOTE: Minimum enrollment per class is 8 and the maximum is 15.
